## Takotsubo syndrome, arrhythmias in COVID-19, reinfection

### Peer reviewed journals featured:

- Systematic reviews on:
  - Takotsubo Syndrome (“broken heart syndrome”) in patients with COVID-19 [here](#)
  - Prevalence and outcomes of COVID-19 in patients with autoimmune diseases [here](#)
  - Incidence and treatment of arrhythmias secondary to COVID-19 infection [here](#)
- Genomic evidence for a case of reinfection with SARS-CoV-2 [here](#)
- A retrospective cohort study of anticoagulation dose and survival in COVID-19 patients [here](#)
- A US survey on fair allocation of scarce medical resources during COVID-19 [here](#)
- Editorials on:
  - The pandemic and alcohol consumption in Australia [here](#)
  - Neuropsychiatric complications of COVID-19 [here](#)
- Commentary on:
  - The sequelae of Russian influenza and COVID-19 [here](#)
  - The stability of SARS-CoV-2 on different surfaces [here](#)
  - A research taskforce supporting Indigenous responses to COVID-19 in Australia [here](#)
  - Building resilience for healthcare workers in the face of COVID-19 [here](#)
  - Fair and equitable subject selection in concurrent COVID-19 clinical trials [here](#)
  - Uncertainty and scientific advice on COVID-19 in the UK [here](#)

### Pre-peer review articles featured:

- A modelling study on test and trace strategies to prevent COVID-19 resurgence in NSW [here](#)

### Guidance and reports

- The World Health Organisation released guidance on COVID-19 hotlines [here](#)

### News and blogs

- Tiered responses to COVID-19 in the UK [here](#)
- Combining rapid PCR and antibody tests to improve COVID-19 diagnosis [here](#)
