Convalescent plasma, database on government responses to COVID-19, science communication

Peer reviewed journals featured:

- A randomised trial of convalescent plasma in COVID-19 severe pneumonia [here](#)
- A repeated cross-sectional study on estimated SARS-CoV-2 seroprevalence in the US [here](#)
- A prospective case series on patients with chilblain-like lesions during COVID-19 [here](#)
- A living dataset, 'Response2covid19', of government responses to COVID-19 globally [here](#)
- A gendered analysis on the impact of COVID-19 on young people and employment in Australia [here](#)
- Cohort studies on:
 - Vaccines for emerging and reemerged viral infectious diseases [here](#)
 - Home health recovery of patients with COVID-19 after hospital discharge [here](#)
 - Association between ABO and Rh blood groups and COVID-19 [here](#)
 - COVID-19 risk in elective surgery during a second wave [here](#)
- Commentary on:
 - Developing fundamental changes for group medical practices [here](#)
 - Science communication as a preventative tool in the COVID-19 pandemic [here](#)
 - COVID-19 and management of metabolic diseases [here](#)
 - Mental health care for rural and remote Australians during COVID-19 [here](#)

Letters and correspondence discussed:

- Update to a living rapid review on COVID-19 in health care workers [here](#)
- Scientific divisions on COVID-19 [here](#)

News and blogs

- Hand hygiene practices gaps identified [here](#)
- Identifying drugs that could be repurposed for COVID-19 [here](#)
- Annals On Call episode discussing COVID-19 Vaccines [here](#)
- COVID-19 vaccines and the impact on the pandemic [here](#)
- How Iceland hammered COVID with science [here](#)
- Herd immunity for COVID-19 [here](#)

Vaccines

- As of 25 November 2020, there are 212 vaccine candidates globally, with 44 vaccine candidates in human clinical trials [here](#)
