COVID-19 Critical Intelligence Unit

## **Daily evidence digest**

4 November 2021

The daily evidence digest collates recently released reports and evidence – provision of these links does not imply endorsement nor recommendation.

# Vaccine side effects, ciclesonide for outpatients, COVID-19 in newborns, portable air purifiers to reduce airborne transmission

#### Peer reviewed journals featured:

- Systematic reviews on:
  - Adverse events in active and placebo groups in COVID-19 vaccine randomised trials <u>here</u>
  - Decreased mortality and increased side effects in COVID-19 patients treated with IL-6 receptor antagonists <u>here</u>
  - The efficacy and safety of Sarilumab in COVID-19 <u>here</u>
- Randomised controlled trials of:
  - o Inhaled and intranasal ciclesonide for COVID-19 treatment in adult outpatients here
  - Seven day treatment with angiotensin II type 2 receptor agonist in hospitalised COVID-19 patients <u>here</u>
  - Nafamostat in hospitalised patients with moderate to severe COVID-19 pneumonia here
- A narrative review on inequalities in COVID-19 vaccine initiation by age and population in Israel <u>here</u>
- Observational studies on:
  - $_{\odot}$   $\,$  Illness severity indicators in newborns by COVID-19 status in the US  $\underline{here}$
  - Viral loads of Delta variant breakthrough infections after Comirnaty (Pfizer) vaccination and booster <u>here</u>
  - The effectiveness of Johnson & Johnson vaccine in preventing COVID-19 <u>here</u> and associated commentary <u>here</u>
  - $_{\odot}$  Side effects and immunogenicity after Sputnik V vaccination  $\underline{\text{here}}$
  - Indirect impact of COVID-19 on hospital care pathways in Italy <u>here</u>
  - Optimising and evaluating PCR-based pooled screening in COVID-19 <u>here</u>
- An editorial on COVID-19 prevention in populations experiencing multiple social exclusions here

### Pre-peer review articles featured:

Using portable air purifiers to reduce airborne transmission of infectious respiratory viruses <u>here</u>

#### Guidance and reports

 The World Health Organization released updates of its COVID-19 epidemiological report <u>here</u> and COVID-19 vaccine tracker <u>here</u>
