What Is The Diagnosis?

With the start of summer now has never been more important time to look out for the signs of this disease. Dermnet NZ has provided a handy code on the signs of this disease which you can monitor. The ABCDE's of this disease include:

- Asymmetry
- Border irregularity
- Colour variation
- Diameter larger than 6 mm
- Evolving or changing.

[See the results](#) from Dermnet NZ and find out more about what to watch out for this Summer.

Emergency use authorisation for COVID-19

vaccines: lessons from Ebola

As parts of the world have begun COVID-19 vaccinations outside of clinical trials this move has been met with widespread criticism. The safety profiles of these candidate COVID-19 vaccines remain uncertain without data from phase three trials.

THE LANCET

Find out more about emergency use authorisation and the lessons learnt from Ebola in The Lancet.
