Reminder: Time To Update Your eTG & MIMS App

Do you have the eTG or MIMS app?

If so it's time for your annual app renewal.

Renewing your access to these apps is easy, simply head to the CIAP website and follow the instructions in the [Mobile Apps page](#).

CIAP Phone Number Changes

Looking to contact the CIAP Helpdesk?

You can use the new [CIAP Request Form in SARA](#) for all non urgent enquiries.

Alternatively, you can call the State Wide Service Desk on **1300 28 55 33** and select option 2 for clinical programs, you will then be transferred to the CIAP team.

SARS-CoV-2 Variants and Vaccines

Viral variants of concern may emerge with dangerous resistance to the immunity generated by the current vaccines to prevent coronavirus disease 2019 (Covid-19).

Moreover, if some variants of concern have increased transmissibility or virulence, the importance of efficient public health measures and vaccination programs will increase.

Find out more about the variants and vaccines in the latest published research in [The New England Journal of Medicine](#).

Learning From Previous Disasters

It is critical to understand the psychosocial impacts of the COVID-19 pandemic on populations around the world.

This article highlights the key challenges associated with epidemiological psychosocial research in a disaster context and reflect on lessons learned from firsthand experience.

Find out more on the psychosocial impacts from the [Australian & New Zealand Journal of Psychiatry](#).
