

Article Finder

This guide outlines how to quickly find the full text of an article on CIAP.

In cases where full text is not available, the guide also highlights how you can seamlessly send requests to your local NSW Health library.

1. Click 'Article Finder' on the bottom of the CIAP home page.

Article Finder

When available via the CIAP collection or an open-access provider, the selected article will open in full text in a new browser tab.

In cases where an article is not available in full text, clicking the article will open up a pre-populated Document Delivery Request Form. From here, simply choose your hospital and enter your contact details to send a request to your local librarian.
